### WHAT IS IT

Welcome to Kill Team at the London Grand Tournament! An event that draws the bravest and the best from all across England and Overseas. This is the UK's biggest year-round Kill Team event and this pack will take you through how the event will be run and what to expect.

Here's what's on the menu:

Day 1- 4 Round Grand Tournament

### WHAT DO I NEED TO BRING

-Your roster of 20 operatives, plus 3 barricades. Factions that have been sent to the shadow realm (Forgeworld, Thousand Sons etc) will not be legal. Factions we have rules for prior to the roster submission date will be legal. Operatives must be painted to a "Battle Ready" Standard, or have at least 3 coats of paint on them.

For the second day, you can play any faction or the same one. You can decide this up to the night of the first day, as long as you submit your roster by 11pm on the first day. Those competing in the top cut must play the same faction as the previous day

-A printed copy of your roster  
-Dice, measuring gauges and everything else you need to play your games  
-A good spirit and sportsmanly attitude!

### WHAT FORMAT IS THE TOURNAMENT?

We will be using the Spain/London format. All 9 missions will be laid out across the room & players will play on random tables & missions. Tac ops points are above mission primary points to counteract someone landing a low scoring mission twice.

### WHAT TERRAIN WILL WE BE USING?

We will be using the Gamemat.eu "Chemzone" terrain-classic heavy+vantage point containers, light traversable pipes, light traversable boxes and heavy pipe intersections. More terrain details will be released closer to the event
